GENERAL DESCRIPTION OF THE UNIVERSITY OF MARIBOR

Maribor, the seat of one of the three Slovene universities, was first mentioned in historical documents as a town as early as the year 1257. The beginnings of higher education in Maribor are closely connected to Anton Martin Slomšek, the bishop of the Lavantine diocese in St. Andraž in Carinthia. The bishop moved the seat of the diocese to Maribor in 1859 and opened a new seminary and religious school in the city. This was the first institution of higher education in Maribor and a forerunner of the present day university.

The first institution of the present-day university (the Faculty of Theology does not form a part of the University of Maribor) was the School of Economics and Commerce, which was founded in 1959 and offered a two-year programme of study.

In 1961 the Association of Institutions of Higher Education in Maribor was formed. The organizational model of the Association and its relations with the faculties and its institutions was similar to the traditional model of university organization. After the individual schools developed into faculties, it was only a matter of time before the Association of Institutions of Higher Education became a university. The Assembly of the Socialist Republic of Slovenia confirmed the university status of the institutions of higher education in Maribor in 1975.

Over time these developed into the following faculties and college:

Faculty of Economics and Business
Faculty of Electrical Engineering and Computer Science
Faculty of Civil Engineering
Faculty of Chemistry and Chemical Engineering
Faculty of Mechanical Engineering
Faculty of Organizational Sciences
Faculty of Education
Faculty of Law
Faculty of Agriculture
Faculty of Medicine
Faculty of Criminal Justice and Security
Faculty of Logistics
University College of Nursing Studies
Faculty of Natural Sciences and Mathematics
Faculty of Arts and Social Sciences

Last two faculties were established in July 2006 and will accept students only in study year 2007/2008.

Not all of the faculties are located in Maribor. The Faculty of Organizational Sciences is located in Kranj, the Faculty of Criminal Justice and Security in Ljubljana and the Faculty of Logistics in Celje and Krško. The rest of the faculties are spread all over the city of Maribor.

The University co-operates with various institutions of higher education and academic associations throughout the world in all research fields developed by its faculty members. Over sixty formal contracts of co-operation exist, together with several letters of intent and additional contracts currently being developed. Co-operation encompasses numerous activities ranging from study visits to joint research projects. The University of Maribor is active in various networks, such as regional and European Rectors' Conferences, networks of International agencies (UNESCO, Council of Europe) and in multilateral programmes of co-operation, including SOCRATES, TEMPUS, CEEPUS and 6thFramework programme.

Courses of study offered by the University of Maribor and its member institutions are degree study programmes leading to the award of diplomas and credential programmes leading to the award of certificates. Degree study programmes can be undergraduate - leading to university degrees and to degrees of professional higher education institutions and graduate study programmes. Study programmes are offered by faculties and one College as full time or part time studies. In this academic year we have 24,850 undergraduate and 1,947 post graduate students at the University of Maribor.

Some of the faculties will enrol students in new Bologna study programmes in the academic year 2006/2007.

E-mail: vpis@uni-mb.si,
<http://vpis.uni-mb.si/>

Citizens of European Union countries may apply for study in Slovenia under the same conditions as citizens of the Republic of Slovenia.

Application and admission procedure

The first application period lasts from 1 February to 8 March 2006.

Candidates can apply using the First Application form available on our website: <http://vpis.uni-mb.si/>. Application forms are also available in bookshops in Slovenia during the application period.

The application form must be sent by registered mail to the Admissions and Information Office of the University of Maribor no later than 8 March.

The second application period lasts from 29 August to 8 September 2006.

During the second application period, candidates who missed the deadline for the first application period or were not admitted during the first phase of the admission procedure may apply.

An application form, available at our website and also in bookshops in Slovenia, must be sent by registered mail no later than 8 September to the Admissions and Information Office of the University of Maribor.

Candidates can apply only for available places listed on 28 August 2006 on the website: <http://vpis.uni-mb.si/>.

Evidence of fulfilment of admission requirements

Notarized copies of birth certificates, certificate of citizenship, passport or personal identity card.

Notarized copies of the secondary school exit certificate and its Slovenian translation. All graded subjects of the last two years, including the corresponding marks, must be specified in the certificate. All documents must be translated by an officially authorized translator.

Decision regarding recognition of certificates obtained abroad. The recognition procedure determines the equivalent Slovenian certificate to the certificate issued abroad. The procedure is carried out by University of Maribor. Information about the recognition procedure is available from the following e-mail address: tea.pletersek@uni-mb.si, tel. + 386 (0)2 235 52 16. Slovenian language certificate. For admission to the Faculty of Education, a Slovenian language certificate must be submitted before enrolling in the first year of study. For other study programmes candidates must submit a Slovenian language certificate before enrolling in the second year of study, with the exception of study programmes of the Faculty of Electrical Engineering and Computer Science, Faculty of Civil Engineering, Faculty of Chemistry and Chemical Engineering and Faculty of logistics, where no language certificate is required. A Slovenian language certificate is obtainable from: University of Ljubljana, Centre for Slovene as a Second/Foreign Language

Kongresni trg 12, 1000 Ljubljana, Slovenia

Tel: +386 (0)1 241 86 77, E-mail: center-slo@ff.uni-lj.si

A health certificate must be obtained in Slovenia.

If the application is accepted, the candidate must pay the tuition fee and complete her/his enrolment at the chosen faculty.

Tuition fees

Tuition fees for full-time undergraduate study are:

up to USD 1,500 at the equivalent tolar counter value for one year in social science study programmes,

up to USD 2,000 at the tolar counter value for one year in natural science, technical and arts study programmes.

ADMISSION REQUIREMENTS FOR ENROLMENT IN POSTGRADUATE PROGRAMMES

Calls for applicants for enrolment in the postgraduate programme in the academic year 2006/2007:

<http://www.uni-mb.si/podrocje.aspx?id=701>

Proceedings and deadlines for applications for enrolment

Candidates may apply at the faculties/departments of the University of Maribor, until Friday, 8 September 2006.

The application contains: written application and proof of fulfilment of the conditions for enrolment.

Foreign students and Slovenians without Slovenian citizenship may enrol in accordance with the provisions of the Standing Orders on the Study of Foreigners and Slovenians without Slovenian Citizenship in the Republic of Slovenia (Official Gazette of the RS, no. 5/94 and 2/2005).

Applications for enrolment in a postgraduate programme will be accepted until Friday, 13 October 2006. Under exceptional circumstances, as determined by the authorized board, late applications may be accepted until 30 October 2006.

The exact dates of the beginning of study programmes will be determined by the faculties/departments.

More detailed information about the different programmes, the procedures for enrolment, the conditions for enrolment and the costs of studies may be viewed by candidates at the website of the University of Maribor: <http://www.uni-mb.si/> and at the faculties/departments of the University of Maribor.

Information about the Recognition of a foreign university diploma: tea.pletersek@uni-mb.si, Telephone + 386 (0)2 235 52 16.

MAIN UNIVERSITY REGULATIONS

University autonomy is determined in the Constitution of the Republic of Slovenia (article 58). The Organization of universities and general activities are regulated by the Higher Education Act (Uradni list RS, no. 100/04). University reform was adopted by a Decree on the reformation of the University of Maribor (Uradni list RS, no. 28/00, 98/03, 79/04). The recognition of international Study achievements is regulated by the Lisbon convention, which was ratified by an Act on the ratification of this convention (RS MP 14/91). Concrete provisions regarding these matters are also adopted in the Statute of the University of Maribor and several executive provisions.

RECOGNITION PROCEDURES

Pursuant to the Act on Recognition and Assessment of Education, schools, other education establishments and higher education institutions are competent for recognition with a view to access to education.

Recognition with a view to access to education in the Republic of Slovenia is a procedure by which, in the course of enrolment, holders of foreign certificates and diplomas are issued decisions recognizing their right to continue education in the Republic of Slovenia. On the basis of the decision the school shall enrol the holder into the appropriate education programme.

Applicants who are holders of foreign certificates and who wish to apply to study at the University of Maribor should make an application for recognition of their certificates, which should be addressed to the University of Maribor. For more information and guidelines please visit the web site www.uni-mb.si, »Studying at UM/Recognition of foreign qualifications«.

Information about the Recognition of a foreign university diploma: tea.pletersek@uni-mb.si, Telephone + 386 (0)2 235 52 16.

ACCOMMODATION

Beds for Socrates-Erasmus students in Student Dormitories are limited. For students who are too late to be assigned a room in the Student dormitories, the International Relations Office (IRO) can reserve rooms in some dorms for secondary school students or other places available at the time of inquiry.

The rooms in the Student Dormitories (two locations Tyrševa 23 and Gospovskega 83) are mostly double, and 5-6 rooms share a kitchen, bathroom and toilets. There are no dishes in the dormitory kitchen, so you should bring some pots, glasses, spoons etc. with you (you can also buy or borrow them here). In the student dorm blankets, pillows and bed-sheets are provided, but you should bring your own towels. The residence fees are approximately 14,000 SIT (58 EUR) per person in a double room per month. You must pay the residence fees for three months in advance upon your arrival, and you must also pay a security deposit (58 EUR), which will be refunded at your departure, if there is no damage to your room. There are phones in some of the rooms. All rooms have an internet connection. There are also rooms available for handicapped students and their companions.

Residence fees (mostly including breakfasts) in the dorms for secondary school students vary from 15,000 SIT (63 EUR) per person in a double room per month to 30,000 SIT (125 EUR).

A more expensive way of staying in Maribor is renting a private room or a flat. There is plenty of information about different kinds of rooms and rents in the local newspaper. We suggest that you check the advertisements when you arrive with the help of IRO or a Slovene student - your mentor. Renting a private room will cost you from 100 - 150 EUR per month plus expenses.

Please inform us of your accommodation preferences by sending a completed housing application to the International Relations Office of the University of Maribor.

Regular foreign students - scholarship holders of the Republic of Slovenia can reside in the Student Dormitories; others have to find accommodation for themselves.

MEALS

Meals for students in Slovenia are well organized and function through a coupon system. Buying meal coupons is the cheapest way to get lunch. Each student can buy 20 meal coupons per month, which will entitle him/her to a discount of at least 50% in restaurants. The price of the coupons varies (as well as the quality of the food and the service) from 95 SIT to 850 SIT (0.4 – 3.5 EUR) per coupon. You can find more information at: <http://www.soum.si/>

Students have a choice of eating in 30 different restaurants, canteens, and inns around Maribor. Canteens are located mainly at the faculties, while other restaurants are in the neighbourhood in the vicinity of student halls or in the city centre. There are four locations around Maribor where students can buy meal coupons:

INSURANCE

During their temporary stay in the Republic of Slovenia, insured persons from the EU member states will be able to claim medical services in public health institutions and from private doctors who have concluded a contract with the Health Insurance Institute of Slovenia (HIIS) on the basis of the European health insurance card.

Medical services may only be claimed at the primary level in health centers and from general practitioners who have concluded a contract with the HIIS, while from specialists and in hospitals this may only be done on the basis of a doctor's referral issued by a general practitioner. You can find more information at: <http://www.zzzs.si>

Students from Bulgaria and Macedonia must bring a document confirming that they have insurance in their home country, along with their passports.

Students from other countries can either arrange their insurance in Slovenia (which costs approximately 20,000 SIT = 83 EUR per month) or pay for necessary medical treatment. However, we strongly advise obtaining insurance with an insurance company in your home country which offers arrangements for time spent abroad. In the latter event, you may be able to ask for reimbursement of medical expenses later in your home country – please check the details at your insurance company.

STUDY FACILITIES

The names and addresses of the faculties and University College are listed above. A good place to study is the University Library.

THE UNIVERSITY LIBRARY

The University library acts as the central university library, a general library for Maribor and its wider surroundings, an archive-collecting library for periodicals from Slovenia, and a library processing and storage area for local printed materials and manuscripts from Maribor and Northeast Slovenia. The central university library is supplemented by six faculty libraries. The collections of all the libraries of the university library system total 987,504 titles. Of these, 683,971 holdings belong to the University Library. The collections include printed and other resources (books, brochures, serials, maps, atlases, music materials, records, audio and videotapes, microfilms and microfiches, CDs, CD-ROMs and others) from all over Slovenia. The university library system is connected to an integrated computer network and assures access to the most important sources of information. It is active in various international library associations (IFLA, EBLIDA, LIBER, ELAG, ALP-ADRA UNIVERSITY LIBRARIES). When you register with the library, you are given instructions on library rules and regulations and information resources. The library information service offers orientation sessions on using databases for individual scientific fields, the Internet and the OPAC catalogue. Not only does the library lend holdings from its own collections, it also borrows items from other institutions in Slovenia and abroad through the interlibrary loan service.

COMPUTER FACILITIES

If you don't have your own portable computer, you don't need to worry about your computer connection. You may use special computer rooms at the faculties, and there are computer rooms at the dormitories as well. There are also cyber cafes around town. In some of them, computer access is free.

INTERNATIONAL PROGRAMMES

For the time being University of Maribor does not have any international programmes.

PRACTICAL INFORMATION FOR VISITING STUDENTS

CLIMATE IN SLOVENIA

In general, Slovenia is temperate with four seasons, but the topography creates three individual microclimates. The Northwest part of Slovenia has an Alpine climate, the coast and surrounding area a Mediterranean climate, and most of eastern Slovenia (including Maribor) has a Continental climate with hot summers and cold winters. Slovenia gets most of its rain in the spring (May and June) and autumn (October and November). January is the coldest month with an average temperature of -1, and July is the warmest - the average temperature is 21 °C.

CURRENCY, EXCHANGE RATES, CREDIT CARDS, and BANKS

The currency of Slovenia is (till 1 January 2007) the Tolar, which is divided into 100 stotins. There are bank notes in the amount of 10, 20, 50, 100, 200, 500, 1000, 5000 and 10,000 Tolars. Coins are in the amount of 1, 2, 5, 10, 20, 50, 100 and 500 Tolars; there are also 50 stotin coins. The Tolar is abbreviated as SIT in accordance with the international currency-coding system.

Exchange rates (July 2006):

1 EUR = 240 SIT

1 USD = 189 SIT

1 CHF = 153 SIT

1 GBP = 347 SIT

Credit cards including Visa, MasterCard, and American Express are widely accepted at shops, upscale restaurants, hotels, car-rental firms and most travel agencies. We advise you to ask at your home bank about your withdrawal limit; you can get cash at some "Bankomats" that are so marked. If you have problems with your Visa card, contact the Visa centre +386 (0)1 438 08 50. American Express customers with problems may contact +386 (0)1 438 08 50 and Eurocard and MasterCard clients may call +386 (0)1 438 08 50 or +386 (0)1 583 41 83.

Banks are generally open to the public between 8.00 and 12.00 and again from 14.00 to 17.00. You can exchange foreign currency for Tolars at all banks. It is very simple to change cash or traveller's cheques at banks, post offices, travel agencies and private exchange offices ("menjalnice" - which do not charge a transaction fee). At private exchange offices the exchange rate is somewhat more favourable and the service is generally faster. There are many such offices in the city and they are usually open between 8.00 and 6.00.

On Saturdays, banks and exchange offices operate between 8.00 and noon. On Sundays and holidays, both banks and exchange offices are closed.

FOOD

Slovenian food is heavily influenced by the cuisine of neighbouring countries. From Austria it's sausage (KLOBASA), strudel (ZAVITEK) and Wiener Schnitzel (DUNAJSKI ZREZEK). From Italy it's risotto (RIŽOTA), potato dumplings (NJOKI) and from Hungary goulash (GOLAŽ), chicken or beef stew (PAPRIKAŠ) and thin pancakes usually filled with jam (PALAČINKE).

Distinctive Slovenian dishes are prepared with ŽGANCI -meal that can be made from buckwheat, barley or corn. Slovenian bread (KRUH) is generally excellent. Slovenia is friendly to all vegetarians and you can usually find several meatless dishes on any menu.

Slovenian cuisine boasts two excellent desserts: POTICA (a kind of roll with different fillings) and GIBANICA from Prekmurje (a concoction of pastry, filled with poppy seeds, walnuts, apple, cheese and topped with cream).

You can find all sorts of restaurants ranging from fast food to fancy and expensive restaurants. In the city centre, restaurants and inns offer a great variety of cuisine as well as prices. Most of them are open till 22.00, but some serve food until midnight and even late into the morning hours. In Maribor, there are Chinese, Mexican and Italian national restaurants and also farm tourist restaurants with their specialty, called "KIEBELFLEISCH," located in the nearby hills.

DRIVING IN SLOVENIA

Speed limits are the following:

Inside settlements	50 km/h (sometimes 60 or 70 km/h, if marked by appropriate signs)
Outside settlements	90 km/h
On motorways	100 km/h
On highways	130 km/h

Lights are compulsory 24 hours per day!

Winter tires are compulsory from 15 November until 15 March.
It is also obligatory to fasten all seat-belts in the car, for all passengers.

ELECTRICITY

Current is 220 V, 50 Hz.

DRINKING WATER

Water is safe to drink throughout the country.

RESIDENCE PERMIT

Since 1 May, 2004, a student from the European Union (EU) may enter the Republic of Slovenia without a visa or a residence permit, provided he/she can present a valid identity card or passport, regardless of the purpose of his/her residence in the Republic of Slovenia. During the first three months of his/her stay in the Republic of Slovenia a residence permit is not necessary; however, he/she is obliged to register with the local police authorities, as is provided in paragraph 10 of the Law on registering residence (Official Journal of the Republic of Slovenia, nr. 9/01).

In case an EU citizen should reside in a Member State for a period longer than 3 months, he/she is obliged to apply for a valid residence permit at the:

Maribor Municipality, Office for Foreigners, Room 21 :

Mestna občina Maribor, Oddelek za tujce, Soba 21

Ulica heroja Staneta 1, 2000 Maribor

Working hours: Monday: 08.00 – 12.00 and 13.00 – 15.00, Wednesday: 08.00 – 12.00 and 13.00 – 17.00, Friday: 08.00 – 13.00.

The requirements for a residence permit in a Member State for the purpose of studying are provided in Council Directive 93/96/EU of 29th October 1993 on the right of residence for students:

- the applicant must present a valid identity card or passport,
- the student must present proof that he/she is enrolled in a recognized educational establishment (Acceptance letter),
- the student must be covered by sickness insurance in respect of all risks in the host Member State (E 111).
- the student must assure the relevant national authority that he has sufficient resources during the period of residence (according to the regulations in May 2005 that is approximately 47,000 SIT / month (196 EUR). According to the practice of the European Court of Justice, a declaration or any such alternative means as the student may choose that are at least equivalent, are sufficient (Declaration of Finances).

The right of residence shall be evidenced by means of the issue of a document known as a residence permit for a national of a Member State of the EU, the validity of which may be limited to the duration of the course of studies or to one year where the course lasts longer; in the latter event it shall be renewable annually.

It is obligatory for students from non EU countries to have a residence permit before coming to Slovenia - it doesn't matter how long they will study here. Students must apply for a temporary residence permit at a Slovenian embassy, consular or diplomatic mission at home or in the nearest country. You can find addresses and contacts here:

<http://www.mzz.gov.si/>

It takes a minimum of 2 months to get a residence permit, so don't forget to apply in plenty of time.

Within three days of arriving in Maribor, the student must confirm the residence permit at the nearest municipal secretarial office for internal affairs in Maribor - at the Maribor Municipality, Office for Foreigners (room No. 21) - see the address above. You will receive a special form to fill in to complete the documentation required for a temporary residence permit.

TRANSPORTATION IN AND FROM MARIBOR

BUS

The bus is the only means of public transport in Maribor. The city-bus network is the most effective means of public transport and it is also quite reasonable in price. Most lines run every day. In Maribor there are 18 bus lines which start operating at about 4.30 and finish around 24.00. Transportation payment on a city bus is an electronic card system with a special magnetic card, which may be valid for more than one ride. The cheapest way is to buy a ticket before you take the bus. You can buy a card for a specific number of rides 1 = 0.7 EUR, 2 = 1.4 EUR, 6 = 3.9 EUR, 10 = 6.4 EUR or 20 = 12.5 EUR) or a monthly card 3,400 SIT = 14.2 EUR (+ 500 SIT = 2.1 EUR) for editing the card in the first month.

The magnetic card can be bought at some tobacco and newspaper vending points, and at the Bus/Coach Station and the monthly card at the Bus/Coach Station, Mlinska 1. For the monthly ticket you will need a picture and an Acceptance letter with confirmation of accommodation, available from the International Relations Office.

TRAIN

If you travel around Slovenia, travel by train. Train travel is the cheapest and most comfortable way to travel between cities. Maribor is on the main train line linking Zidani Most and Celje with the Austrian cities of Graz and Vienna. Maribor is also linked with Ljubljana, Koper, Rijeka, Zagreb, Bleiburg, Klagenfurt, and Čakovec by numerous passenger trains, including business and inter-city class. From Ljubljana, you can reach Maribor on some 20 trains a day, within 2 and a half hours.

Information on departures and arrivals of trains is available at these numbers:

+386 (0)2 292 21 64 (6.00 – 20.00) or +386 (0)2 292 23 35 (8.00 – 18.00)

RENT-A-CAR

In Maribor there are several rent-a-car services. Prices for renting a car depend on the make and model of the car. Car rentals begin at around 7,000 SIT (app. 31EUR) per day, plus 30SIT (app. 0.15EUR) per km. The rent -a-car offices will rent a car to drivers over 21 years old.

POST OFFICE & TELEPHONES

Post offices in Maribor are open on week days between 8.00 and 19.00, and on Saturdays until approximately noon. The main post office, near the train station at Partizanska cesta 54, is open from 8.00 till 21.00. Post boxes are yellow and are located on the major roads in towns. Stamps are available at all post offices, tobacco shops and markets. Mail within Slovenia generally takes only one or two days, but international mail can be slow. Post to neighbouring counties like Germany should take about 5 days. Maribor's postal code is 2000.

The easiest place to make long-distance calls is from a post office. Simply go into one of the booths, make your call and then pay the cashier. You can also use public telephones on the street – this requires a phone card (TELEFONSKA KARTICA), which you can buy at newspaper and tobacco stands as well as at the post office. Phone calls from the post office, public phone boxes, or from private homes cost the same. Slovenian call boxes do not display their telephone numbers, so it's impossible for the other party to phone you back. Dial 00 to make an international call from Slovenia; to call Slovenia from abroad dial the country code for Slovenia (+386), the area code (without the initial zero) and the number.

Telephone directory inquiries	Telephone: 1188
International call request	Telephone: 1180

Telephone code numbers in Slovenia:

Maribor - 02

Ljubljana - 01

Celje - 03

Kranj - 04

It is very common to use mobile phones. In Slovenia, there are two big mobile operators, which offer their services at very reasonable prices. Upon your arrival, you will also get a chance to rent a Slovene SIM card for your mobile phone. Make sure that your mobile phone is not locked.

To call from Maribor, you do not have to dial the code number 02. If you want to call to a mobile phone you need to dial 041, 031 or 040 before the number, depending on the operator of the mobile you wish to call (Mobitel: 041, 031, 051 and SI Mobil: 040).

STUDENT IDENTIFICATION CARD

Exchange students receive a paper student identification that is also a means of student identification for buying meal coupons and using them in restaurants. The student identification card will be ready upon your arrival. If you attend the welcome week you will get your student card there; otherwise, you can pick up your identity card at the following address:
Students' Organization of the University of Maribor (ŠOUM)
Študentska organizacija Univerze v Mariboru,
Gospovetska 83, 2000 MARIBOR.

LAUNDRY

To wash and dry your clothes you will find laundries in every student dormitory. The tokens you need for the machines can be bought at the security office on the ground floor of dorm 5 at Gospovetska and dorm 3 at Tyrševa. This service costs you 270 SIT (1,15 EUR) per washing machine and the same amount of money for dryers.

In addition, students can bring their clothes to one of the laundry services in the city center. There is a laundry (Kemična Čistilnica) at Slovenska ulica 13, where you can get your clothes washed and dried within a couple of hours. This laundry works by self service, but the staff will help you if needed. To use one big washing machines and a drier costs approximately 1,200 SIT (5 EUR). Bed sheets will be changed free of charge in the student dormitories.

SLOVENE LANGUAGE COURSES

The University of Maribor organizes Slovene Language Courses for Erasmus-Socrates students at the University of Maribor if there is enough interest. An introductory and sometimes also an advanced Slovene Language Course is organized during the academic year and is offered once a week. These courses are free of charge, except for material costs (books, scripts, etc.). The courses take place at the central university building but only if a minimum number (five students) is enrolled. To attend a course, please contact the International Relations Office of the University of Maribor.

You can find information about EILC language courses (which are also free of charge for ERASMUS-SOCRATES Students) here: http://europa.eu.int/comm/education/programmes/socrates/erasmus/eilc/index_en.html.

INTERNSHIPS

For internships please contact Leonardo@uni-mb.si. More information is also available in the chapter Student associations.

SPORTS FACILITIES

If you enjoy sports and nature, you will not be bored in Maribor. Maribor is surrounded by hills which offer excellent possibilities for outdoor sports, such as jogging, hiking and mountain biking. The Pohorje ski resort is only 5 km from the city centre, and it can be reached by bus every 15 minutes. Mariborski Otok (Maribor Island) is a nice area for swimming and sun bathing in the summer time. Pristan is an indoor swimming pool with a sports centre. Students can get discounts for both skiing and swimming tickets. Other possible sports activities include tennis (both open-air and indoor courts) and ice skating. Mestni park (the city park) is a beautiful recreation area which offers great surroundings for walks and for jogging.

The University Sports Centre Leon Štukelj (UŠC) provides sport facilities for various indoor sports for students. Students can practice volleyball, basketball, handball, badminton, squash, soccer, table tennis, gym, climbing an artificial wall, various aerobics and dance classes, and martial arts (aikido, karate and yoga). Students can also relax in a Finnish sauna or stay fit in our fitness centre. The sports centre is open from Monday to Friday (8.00 – 23.00.) and on weekends from 9.00 – 22.00. To use the facilities students must have a sport identification card, which can be obtained for a small fee either at the sport centre or through the Students' Sport Association "Zdrava Zabava".

There is also a gym and an indoor court next to the student dormitories at the Tyrševa complex, where students can participate in sports for free.

In addition, there is Adrenaline Park in the middle of Pohorje where you can test your endurance. For those who prefer relaxing in a spa, the spa and recreation centre Fontana is just across the street from the Faculty of Education and the Students' Sports complex at Gospovskega. At Fontana you can enjoy swimming, whirlpools with thermal water and massage water effects, Finnish and Turkish saunas, solarium, etc.

EXTRA – MURAL AND LEISURE ACTIVITIES

CULTURE AND ENTERTAINMENT

Although your academic achievement is very important, we also hope that you will find the cultural environment stimulating and interesting. There are many clubs, theatres and different student activities in which you can share experiences with Slovene and foreign students.

PUBS AND DANCING

There are many possibilities to go out in Maribor. The most popular pubs in Maribor among young people are the Irish pub - Patrick's, Mexican pubs – Taco's and Bongos, and the Jazz pub – Satchmo. But if you wish to dance afterwards, you are welcome to visit the Trust and the student disco ŠTUK. ŠTUK is a popular student entertainment facility near Maribor Students' Housing Services at Gospovskega 83. It contains a student cinema and disco, and hosts poetry readings, concerts, and other events. There is always something going on. At Lent, the historic district on the riverbank below the city walls, visitors and locals like to socialize in pubs, pizzerias, and inns. It is a beautiful place to relax, especially on sunny days.

THEATRE AND CINEMAS

In Maribor, the Slovenian National Theatre (Slovensko narodno gledališče Maribor), which has received international recognition in recent years and which has a fully renovated building, is of special importance. There is also an important cultural event - the largest and oldest theatre festival in Slovenia, called Borštnikovo srečanje (in October).

There are several cinemas in KOLOSEJ KINEMATOGRAFI, Loška ulica 13, 2000 Maribor, which feature a wide variety of up to date films. Movies are shown in the original version with Slovene subtitles.

MUSEUMS

The regional museum (Pokrajinski muzej) of Maribor at the Mariborski grad (Maribor castle), maintains a rich archaeological, historical and pharmaceutical collection, a collection of clothing, and a lapidary. The Museum of National Liberation (Muzej narodne osvoboditve) has a permanent exhibition depicting the period of World War II in Styria, while also organizing exhibitions pertaining to recent history. The Art Gallery (Umetnostna galerija) maintains a permanent exhibition of works by Slovene artists and organizes retrospective and thematic exhibitions by artists.

NOTE!

Many cultural and other institutions in Maribor offer special season tickets for students at reduced prices. Just ask them.

SPECIAL EVENTS

Among the many events organized in Maribor, one of the biggest and most internationally known is the Lent Festival, where people from all over the world meet. It is held in summer, at the end of June and the beginning of July. The festival lasts 14 days and features famous singers as well as dance and theatre groups from all over the world. For more information: <http://www.nd-mb.si/nd/lent.htm>.

The proximity of Maribor to the Pohorje mountains and their numerous tourist facilities and services makes skiing a very popular winter sport. Maribor puts itself on the map of world-class skiing resorts as the organizer of the Zlata lisica (the Golden Fox) world cup in Alpine skiing for women, held each year at the beginning of January. Pohorje is also known for mountain biking: the world cup competition in Down hill (in June).

The hilly surroundings of Maribor, along with a favourable climate, stimulate the development of wine growing. We grow quality red wine (teran, merlot, refosk etc.) in the south-western part of Slovenia and many sorts of excellent white wine (traminec, muskat ottonel, sivi pinot, silvanec, etc.) in the regions around Maribor. There are many wine cellars located in or near Maribor. If you are lucky enough and you study in autumn, there is an event you must not miss: the vintage is usually in September or October and is almost a national holiday in Slovenia.

Another important date connected to wine is November 11th, Martinovo (St. Martin's Day). This is the day when must (pressed grape juice) turns into wine. Both occasions give you a chance to drink wine and eat good Slovene specialties. A fact not widely known outside Slovenia is that the oldest vine in the world grows in Maribor. »Sara trta« - The old vine, as we call it, grows in front of the Stara trta in Lent. It is over 400 years old and it gives approximately 80 kg of grapes each year. This year it produced 30 litres of wine, a bottle of which would be a perfect souvenir from Maribor, but unfortunately it is very expensive.

There are some other events of interest for students like "Piše se leto", where famous Slovene and other singers participate in a great concert (in June). On Students' Day, there is a student party called "Lampijončki", where students from the whole university gather, compete in different games, and enjoy music performed by Slovene music groups (in May). Another student party is "Brucovanje", the freshman celebration, which is organized by each faculty. Not only freshmen, but other students are also invited.

Another sports event is the regatta on the river Drava, organized jointly by the University of Maribor, the Municipality of Maribor and the Branik rowing club.

STUDENT ASSOCIATIONS

ERASMUS STUDENT NETWORK AT THE UNIVERSITY OF MARIBOR (ESN at UM)

The Erasmus Student Network (ESN) is a European wide student organisation. Its goal is to support and develop student exchange. It is composed of over 2,500 members from 200 local sections in 28 countries working in Higher Education Institutes (Universities, Polytechnics, University Colleges, etc). ESN is organised on a local, national and international level. Our network is in contact with almost 60,000 internationally minded students.

The aims of ESN are to promote the social and personal integration of exchange students. The local ESN-sections offer help, guidance and other valuable information to exchange students hosted by foreign universities. Newcomers find their way in the new environment more easily and can use their time to get as much out of their exchange as possible. ESN also represents the needs and expectations of exchange students at the local, national and international levels.

The Erasmus Student Network at the University of Maribor (ESN at UM) takes an active part in promoting the Socrates Erasmus programme at our University and in activities concerning all exchange students.

As an exchange student at the University of Maribor, you will be partnered with a Slovene student, called a mentor, who will answer your questions by e-mail even before your arrival to provide you with all kinds of practical information and who will help you during your first week.

ESN co-operates with other international student associations in Maribor with the aim of bringing Slovene and foreign students together.

ESN is organizing a "Welcome week", trips to different Slovene regions, sport activities and parties for all incoming exchange students.

ESN is a group of very positive, enthusiastic and friendly students, who already have international experience. They understand very well how you may feel during your first days here. They are here to help you because they believe in the international exchange of students. Each student is responsible for a selected activity.

To sum up, the aim of ESN is to ensure that everyone studying at the University of Maribor has an unforgettable time. We aim to spread the Erasmus spirit all over Maribor. You are welcome to visit us, so feel free to contact us. We are there for you – PALLOMERI

Opredelitev temeljnih ciljev programa oz. splošnih in predmetnospecifičnih kompetenc

Temeljni cilji programa

Cilj študijskega programa *Madžarski jezik s književnostjo* je, da diplomant dobi osnovno teoretično znanje s področja madžarskega jezika in književnosti, definirano v obveznih modulih. Izbirni predmeti z obeh področij pa mu omogočajo dodatno specifično znanje s področja novejših jezikoslovnih disciplin (pragmatike, sociolingvistike, kontaktne lingvistike, manjšinske dvojezičnosti, jezikovnega načrtovanja in korpusne lingvistike), razgled po novejši madžarski in svetovni književnosti ter morfologiji književnega dela (recepцијa književnih del sodobne madžarske literature). To znanje lahko kombinira s smiselnim izbranom vezavo drugega predmetnega področja ter se tako na prvi stopnji usposobi za osnovni interdisciplinarni raziskovalni pristop in ustvari temeljna izhodišča za iskanje novih virov znanja na strokovnem področju, saj je danes splošno znano, da so temeljna žarišča novih znanj in odkritij prav na stičiščih posameznih disciplin in ved.

Cilj predlaganega programa je izobraževanje strokovnjakov, ki bodo usposobljeni za samostojno delo predvsem na različnih področjih madžarskega jezika in madžarske književnosti. Diplomanti bodo lahko opravljali različna dela v medijih (npr. poročevalec, moderator, napovedovalec), v založbah (npr. urednik) in v turizmu, sodelovali v oglaševanju (zaradi socio-, psiholingvističnih in pragmatičnih znanj), lektorirali leposlovna, strokovna in znanstvena besedila, sestavljalni besedila za naročnike ter svetovali v dvojezičnih agencijah, podjetjih, ustanovah, inštitutih (glede jezikovne kompetence in politike) ali pa bodo v ustanovah znotraj družbenih in gospodarskih dejavnosti predstavniki za javnosti (komunikacijske kompetence, retorika).

Splošne kompetence, ki se pridobijo s programom:

- obvladovanje raziskovalnih metod jezikoslovja in literarnih znanosti;
- sposobnost kritičnega ocenjevanja lastnih in tujih raziskovalnih dosežkov;
- sposobnost korektnega vključevanja in kombiniranja spoznanih dejstev in znanj v novo kvaliteto;
- razvoj komunikacijskih sposobnosti za strpen in korekten strokovni diskurz;
- oblikovanje sposobnosti konstruktivnega sodelovanja pri delu v skupini in za sodelovanje pri delu med skupinami;
- oblikovanje načela avtonomnosti in povezovalnosti pri lastnem strokovnem delu;
- praktična uporaba znanja v praksi;
- pripravljenost za avtonomno učenje in izpopolnjevanje;
- sposobnost za vseživljensko učenje;
- oblikovanje sposobnosti analitičnega in sintetičnega mišljenja;
- oblikovanje smisla za estetske in etične vrednote v stroki.

Predmetnospecifične kompetence, ki se pridobijo s programom

Predmetnospecifične kompetence zagotavljajo usposobljenost kandidata za kvalitetno strokovno svetovalno in samostojno delo na področju madžarskega jezika ter madžarske in svetovne literature, ga pripravljajo za nadaljnjo stopnjo študija in motivirajo za zmožnost samostojnega vseživljenjskega učenja. Predmetnospecifične kompetence so definirane na podlagi celotnega programa v učnih načrtih predmetov kot prenesljive/ključne spremnosti in drugi atributi, ki razvijajo dovolj specializiran profil diplomanta za opravljanje strokovnih del s področja hungaristike in ga usposabljam za osnovno interdisciplinarno strokovno delo.

Diplomant si pridobi naslednje specifične kompetence:

- poznavanje ter razumevanje zgodovine in razvoja madžarskega jezika in književnosti;
- poznavanje izjemne narečne členjenosti in njenega vpliva na standardni knjižni jezik;
- sposobnost soočanja sinhronih jezikovno-književnih pojavov z vidika zgodovinskega jezikovno-književnega razvoja;
- obvladovanje pravopisa in pravorečja madžarskega knjižnega jezika;
- obvladovanje in razumevanje morfemskih, oblikoslovno-skladenjskih kategorij in poznavanje skladenjsko-besedilne strukture jezika;
- razumevanje besedotvornih, medleksemških in frazeoloških razmerij v madžarskem jeziku z vidika novih teoretičnih pristopov v jezikoslovju;
- sposobnost razumeti načela delovanja jezika kot uspešnega sporazumevalnega sistema;
- poznavanje regionalnih in družbenih variant madžarskega jezika;
- poznavanje ter razumevanje značilnosti rabe manjšinskega maternega jezika;
- poznavanje madžarščine v stiku s slovenščino;
- sposobnost uporabljati strategije uspešnega učenja in kreativne rabe jezika;
- sposobnost samostojnega sledenja aktualnim jezikovnim in književnim pojavom ter njihovo umeščanje v kontekst že pridobljenega znanja;
- sposobnost kritične analize književnih del v medkulturnem kontekstu;
- poznavanje starejših in modernih tokov madžarske literature;
- temeljno znanje o kulturno- in literarnozgodovinskih procesih;
- poznavanje in estetsko vrednotenje sodobne madžarske literature;
- sposobnost javnega angažiranja pri spodbujanju višje pisne in bralne kulture.
- sposobnost kombiniranja metodologije hungarističnega raziskovalnega dela z metodologijo drugega področja z namenom, pridobivati nove raziskovalne rezultate;

Možnosti nadaljevanja študija

Po zaključenem univerzitetnem programu se kandidat lahko vpiše na magistrski študijski program.

Univerzitetni dvopredmetni študijski program prve stopnje Madžarski jezik s književnostjo

Celoten predmetnik univerzitetnega dvopredmetnega študijskega programa prve stopnje Madžarski jezik s književnostjo je predstavljen na sledečih straneh. Vsi obvezni moduli in izbirni predmeti so podani skupaj glede na semester, s seštevkom in tipom kontaktnih ur, samostojnim delom študenta in označenim številom ECTS.

Zaključni izpit, če obstaja

Zaključni izpit je. Diplomska seminarska naloga je.

Študent opravi dvopredmetni študijski program, ko opravi vse s študijskim programom predpisane obveznosti na obeh delih dvopredmetnega študijskega programa in tako skupno zbere najmanj 180 ECTS (90 ECTS na enem in 90 ECTS na drugem delu dvopredmetnega študijskega programa).

Izpitsna pravila

Na podlagi 100. člena Statuta Univerze v Mariboru (UL RS 75/2006) (18.7.2006) FF UM določa izpitni in ocenjevalni red.

Študent se k izpitu prijavi v rokih, ki jih fakulteta vnaprej določi in objavi. Prijava je pisna na predpisanim obrazcu, ki se odda na pristojnem referatu FF. Prijava in odjava je lahko tudi elektronska. Skrajni rok za prijavo k izpitu je sedem dni, rok za odjavno pa tri dni pred izpitom. Študent, ki brez opravičenih razlogov ne pristopi k izpitu oz. se ne odjavni od izpita v predvidenem roku lahko pristopi k opravljanju istega izpita šele v drugem naslednjem roku.

Izpiti so redni in izredni. Redni izpitni roki so najmanj šestkrat na leto, od tega najmanj dva roka v avgustovskem in septembrischem izpitnem obdobju. Izredni izpitni roki se določijo za študente izrednega študija po zaključku posameznih ciklusov predavanj. Izredni izpitni roki določi FF in ga objavi.

Predhodno razporeditev rednih izpitnih rokov po posameznih predmetih pripravi FF. V začetku študijskega leta univerza skupaj s članicami univerze objavi vse redne izpitne roke. Izpiti iz predmetov istega letnika ne smejo biti razpisani za isti dan. Kadar študent študira na dvopredmetnem študijskem programu, ne smejo biti razpisani izpitni roki enega od dvopredmetnih študijskih programov na isti dan.

Študent, ki izpita ni opravil, ga lahko ponovno opravlja. Študenti lahko v enem študijskem letu petkrat opravlja izpit iz istega predmeta. Študent lahko posamezni izpit ponavlja največ desetkrat. V primeru, da študent tudi desetič ni opravil posameznega izpita, se izpiše z univerze.

Peto in vsako nadaljnje opravljanje izpita se opravlja pred komisijo. Roki za drugo in nadaljnje opravljanje izpita se določijo s splošnim aktom univerze, ki ureja izpitni red.

Z izpitnim redom se določijo sankcije v primeru, da je bil študent na izpitu zaloten pri goljufanju oziroma je storil kakšno drugo obliko kršitve študijskega reda.
